

**BANKS NEVER  
ASK THAT**

**Do you want to know when your bank account has...**

**A low balance?**

**A large purchase?**

**Unusual activity?**

**Consider enrolling in Cayuga Lake Mobile Banking  
to create **text alerts**.**

# WHY TEXT ALERTS?

**Text Alerts are a great tool to help manage your account. You can track daily balances, get notified of purchases or transactions over a certain dollar amount (you decide the limit) and more!**

**These alerts can help you keep your account in good standing, help avoid unnecessary fees and, in some cases, protect from fraud.**

**If you're a **Cayuga Lake National Bank** customer, you can create text alerts using our mobile app: **CLmB** (Cayuga Lake Mobile Banking)**

**It can be downloaded from the App Store or on Google play.**
